

DIY HALLOWEEN FACE MASKS

Please remember to use safe, non-toxic materials on your mask and avoid the use of harsh chemicals that should not be breathed in. DIY face masks are for personal use and non-medical purposes only. Social distancing guidelines should still be followed when wearing a face mask in public. [Please refer to the CDC for guidelines on wearing face masks.](#)

As with all crafting projects, adult supervision is recommended for small children when using scissors, glue, or elements that could be potential choking hazards.

DRACULA FACE MASK

MATERIALS

- Disposable/paper face mask
- Colored paper
- Glitter glue stick
- Markers
- Scissors
- Non-toxic craft glue

INSTRUCTIONS

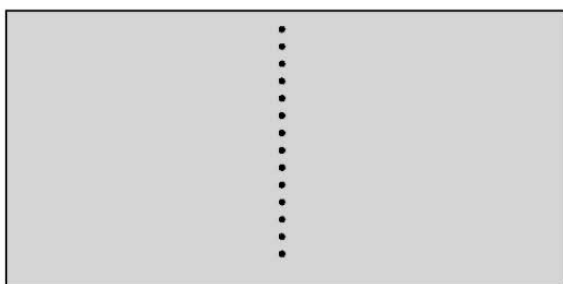

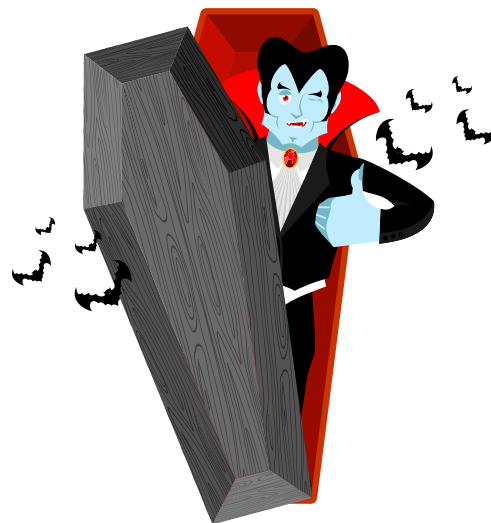

1. Using the colored paper and scissors, cut out shapes for the nose, teeth, and side pieces.
2. Use your markers to add detail to the nose, teeth, and side pieces (in this example, the side pieces have spider webs drawn on them).
3. Fold the paper nose as outlined on the next page. Attach the colored paper cut outs to your mask using glue.
4. Use your markers to make an outline for the mouth directly on your mask.
5. Use the red glitter glue to add some blood-like drips on the vampire teeth!

EXAMPLE

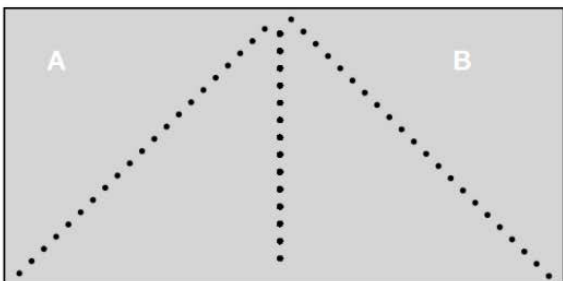

DRACULA

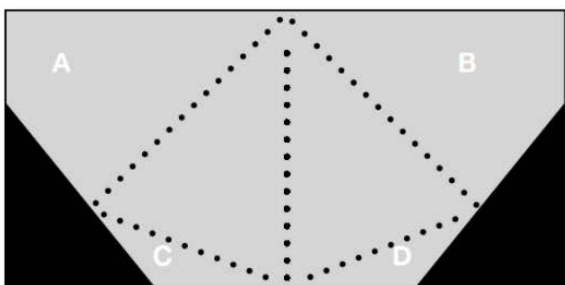

FACE MASK

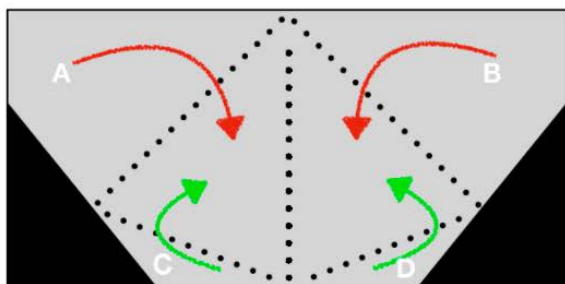

To make Dracula's nose, begin with a 2-inch by 4-inch strip of white paper. Fold down the middle.

Next, fold down corners A and B, as shown.

Continue by cutting away the areas marked in black, and then folding up corners C and D as shown.

Corners A and B will be folded in and secured together using regular glue. This will create a pyramid shape for Dracula's nose. Corners C and D will be folded inward and will be used as tabs to secure the nose to the mask using a small amount of hot glue.

Add black dots as nostrils and you're all done!

GHOST FACE MASK

INSTRUCTIONS

1. Cut out the eyes and mouth of the ghost in black construction paper.
2. Use white paper to cut out the ghost's arms and lower body.
3. Cut out a speech bubble and write your own spooky word!
4. Use glue to attach the paper cut outs to your mask.

EXAMPLE

MATERIALS

- Disposable/paper face mask
- Colored paper
- Markers
- Scissors
- Non-toxic craft glue

MUMMY FACE MASK

MATERIALS

- Disposable/paper face mask
- Colored paper
- Hot glue and Non-toxic craft glue
- Sheer white ribbon
- Scissors

INSTRUCTIONS

1. Using the colored paper and scissors, cut out a mouth and teeth.
2. Cut strips of sheer ribbon approximately the width of the mask. Cut enough strips to cover your mask.
3. Use hot glue to mount the ribbon on the mask.
4. Attach the mouth and teeth over the strips of ribbon.

EXAMPLE

DAY OF THE DEAD FACE MASK

INSTRUCTIONS

1. Using markers and glitter glue, add a skeleton mouth and designs of your choice to the mask.
2. Cut out a few pieces of black construction paper to make a nose and side elements.
3. Using hot glue, and regular glue, mount the pieces on the front of your face mask!

EXAMPLE

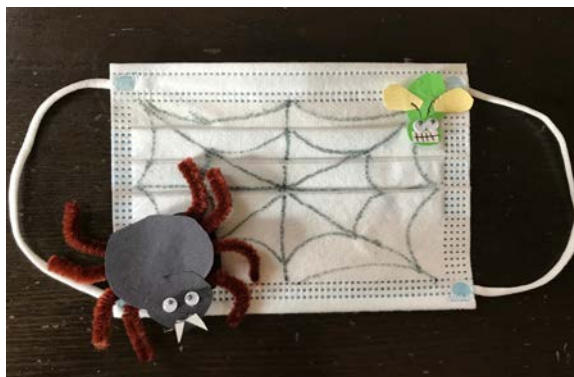

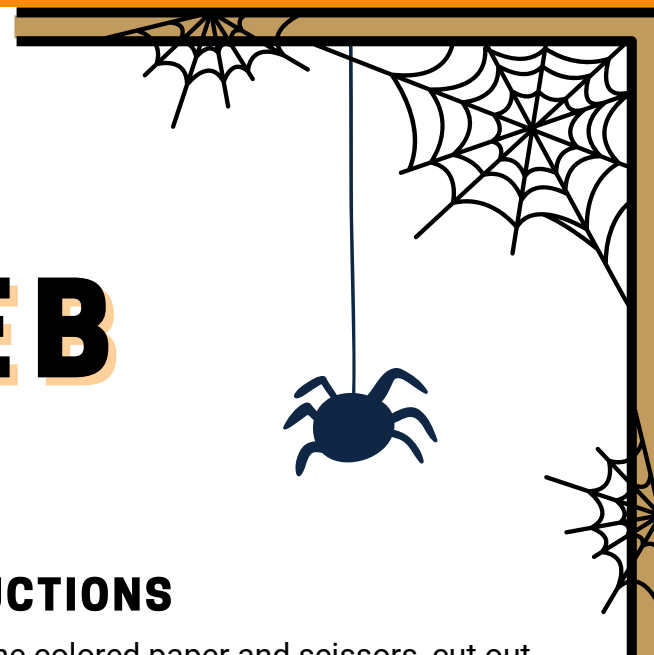

MATERIALS

- Disposable/paper face mask
- Colored paper
- Glitter glue sticks
- Markers
- Scissors
- Hot glue and Non-toxic craft glue
- Decorative elements

SPIDER WEB FACE MASK

INSTRUCTIONS

1. Using the colored paper and scissors, cut out shapes of the spider and fly.
2. Use markers to draw a spider web covering the front of your face mask.
3. Glue together your spider and fly.
4. Use hot glue to attach the spider's legs (pipe cleaners) to its body.
5. Attach the spider and fly to your mask using hot glue.
6. Use regular glue to add the googly eyes!

EXAMPLE

MATERIALS

- Disposable/paper face mask
- Colored paper
- Markers
- Scissors
- Hot glue and Non-toxic craft glue
- Pipe cleaners
- Googly eyes

VAMPIRE BAT FACE MASK

MATERIALS

- Disposable/paper face mask
- Colored paper
- Markers & Crayons
- Scissors
- Non-toxic craft glue
- Googly eyes

INSTRUCTIONS

1. Using the colored paper and scissors, cut out a bat and moon.
2. Use your markers and/or crayons to add details to the moon.
3. Cut out two small triangular pieces for the bat's vampire teeth and glue them to the paper.
4. Glue your bat and moon to the face mask and add googly eyes to the bat.
5. Draw stars directly on the mask to create a night sky!
